Tappeti Antiscivolo Professionali per Doccia e Vasca
Made in Italy

Safety & Comfort – Since 1998

About us

Steady Steps nasce oltre 50 anni fa come azienda specializzata nella lavorazione di materiali tecnici per il settore nautico e medicale. Negli anni '90 introduce la linea bagno, diventando uno dei principali produttori italiani di tappeti antiscivolo per doccia e vasca.

Grazie alla saldatura ad alta frequenza e alla produzione interna, l'azienda conquista il mercato europeo e statunitense, fornendo prodotti affidabili, sicuri e durevoli che cercano qualità italiana, continuità produttiva e soluzioni su misura.

Oggi Steady Steps è un punto di riferimento per grossisti, catene retail e distributori internazionali.

Steady Steps was founded over 50 years ago as a company specializing in the processing of technical materials for the nautical and medical sectors. In the 1990s, it introduced its bathroom line, becoming one of Italy's leading manufacturers of non-slip shower and bathtub mats.

Thanks to high-frequency welding and in-house production, the company conquered the European and US markets, providing reliable, safe, and durable products that demand Italian quality, production continuity, and customized solutions.

Today, Steady Steps is a point of reference for wholesalers, retail chains, and international distributors.

Over the Years

Alcuni Clienti

I nostri prodotti presso i più importanti retail internazionali. Testimonianza della qualità e l'affidabilità dei nostri prodotti.

Some of Our Clients

Our products are sold by leading international retails. Proof of the quality and reliability of our products.

Perchè Sceglierci

100% Made in Italy: produzione interna nel nostro stabilimento di Origgio (VA).
Tecnologia avanzata: saldatura ad alta frequenza per massima durata e resistenza.

Materiali certificati: PVC espanso sicuro, antibatterico e antimuffa.

Tenuta: ventose con aderenza superiore su superfici bagnate.

Controllo qualità rigoroso: ogni lotto è verificato manualmente.

Flessibilità produttiva: ideale per grandi volumi e private label.

Esperienza internazionale: forniture a catene retail globali.

Prezzi competitivi: ottimo rapporto qualità/prezzo.

Why Choose Us

100% Made in Italy: in-house production in our Origgio (VA) facility.

Advanced technology: high-frequency welding for maximum durability and resistance.

Certified materials: safe, antibacterial, and mold-resistant expanded PVC.

Safety: suction cups with superior grip on wet surfaces.

Rigorous quality control: each batch is manually inspected.

Production flexibility: ideal for large volumes and private labels.

International experience: supplies to global retail chains.

Competitive prices: excellent value for money.

Sostenibilità e Responsabilità

Steady Steps si impegna per una produzione responsabile:

Riduzione degli scarti di PVC tramite riciclo.

Packaging eco-friendly disponibile su richiesta.

Produzione locale che riduce l'impatto logistico.

Prodotti durevoli che riducono la frequenza di sostituzione.

Sustainability and Responsibility

Steady Steps is committed to responsible production:

Reduction of PVC waste through recycling.

Eco-friendly packaging available upon request.

Local production that reduces logistical impact.

Durable products that reduce the frequency of replacement.

Certificazioni e Qualità

Materiali conformi alle normative europee.

Test antiscivolo superati.

Resistenza a muffa e batteri.

Lavabilità a 40°.

Certificazioni aggiuntive disponibili su richiesta.

Certifications and Quality

Materials compliant with European standards.

Passed anti-slip tests.

Resistant to mold and bacteria.

Washable at 40°C.

Additional certifications available upon request.

Panoramica dei Materiali

I tappeti antiscivolo da bagno Steady Steps sono progettati con materiali di alta qualità, selezionati per garantire sicurezza, comfort e sostenibilità. Ogni componente è studiato per offrire prestazioni eccellenti in ambienti umidi, mantenendo al contempo un profilo ecologico e conforme alle normative internazionali.

Materials Overview

Steady Steps non-slip bath mats are designed with high-quality materials, selected to ensure safety, comfort, and sustainability. Each component is engineered to offer excellent performance in humid environments while maintaining an environmentally friendly profile and complying with international standards.

STANDARD
100

Corpo del Tappeto

Materiale: PVC espanso morbido

Spessore: da 3 mm a 6 mm

Caratteristiche:

Superficie morbida e confortevole al tatto

Elevata resistenza all'usura e alla deformazione

Lavabile in lavatrice per una facile manutenzione

Certificato OEKO-TEX® Standard 100, garanzia di assenza di sostanze nocive

Completamente esente da ftalati, sicuro per tutta la famiglia

Mat Body

Material: Soft expanded PVC

Thickness: 3 mm to 6 mm

Features:

Soft and comfortable surface

Highly resistant to wear and tear and deformation

Machine washable for easy care

OEKO-TEX® Standard 100 certified, guaranteed to be free from harmful substances

Completely phthalate-free, safe for the whole family

Sistema Antiscivolo

Ventose: PVC crystal trasparente

Caratteristiche:

- Elevata aderenza alle superfici lisce
- Materiale flessibile e resistente
- Certificato di origine e esente da ftalati
- Design trasparente per un'estetica discreta e moderna

Anti-Slip System

Suction Cups: Transparent crystal PVC

Features:

- High adhesion to smooth surfaces
- Flexible and durable material
- Certified origin and phthalate-free
- Transparent design for a discreet and modern aesthetic

Impegno Ambientale

- Riciclo degli scarti: Tutti gli scarti di produzione vengono recuperati e reintegrati nel ciclo produttivo
- Processo responsabile: Minimizzazione dell'impatto ambientale e riduzione dei rifiuti
- Sostegno sostenibile: Scelte consapevoli per un futuro più verde

Environmental Commitment

- Waste Recycling: All production waste is recovered and reintegrated into the production cycle
- Responsible Process: Minimizing environmental impact and reducing waste
- Sustainable Support: Making informed choices for a greener future

Conclusione

I materiali impiegati nei tappeti antiscivolo Steady Steps rappresentano il perfetto equilibrio tra funzionalità, sicurezza e rispetto per l'ambiente. Ogni dettaglio è pensato per offrire un prodotto affidabile, certificato e sostenibile, ideale per l'uso quotidiano in bagno.

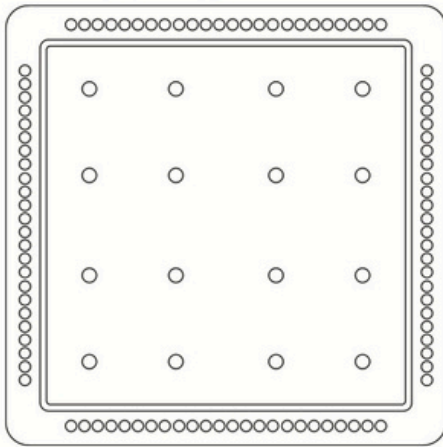

Conclusion

The materials used in Steady Steps non-slip mats represent the A perfect balance of functionality, safety, and respect for the environment. Every detail is designed to offer a reliable, certified, and sustainable product, ideal for everyday bathroom use.

Layouts

ca. 55 x 55 cm

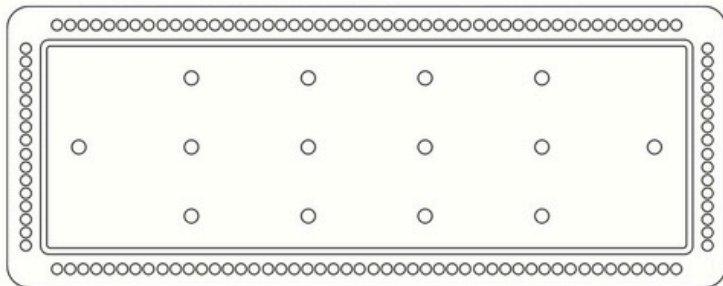

Suction cup layout. 112 Suction cups for strong adhesion.

Layouts

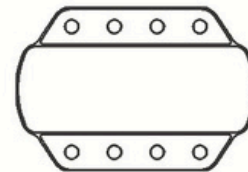

Tub Insert
ca. 36 x 92 cm

Suction cup layout. 141 Suction cups for strong adhesion

Head Rest Pillow
ca. 22 x 32 cm

Suction cup layout. 8 Suction cups

Sicurezza Prima di Tutto

I tappeti antiscivolo Steady Steps garantiscono massima aderenza, stabilità e protezione contro cadute accidentali.

Aderenza Potenziata

Ventose in pvc morbido, massima adesione al supporto
Distribuzione uniforme sul tappeto
Testate su superfici lisce

Pratico Gancio per appendere ad asciugare.

Safety First

Steady Steps non-slip mats ensure maximum grip, stability, and protection against accidental falls.

Enhanced Grip

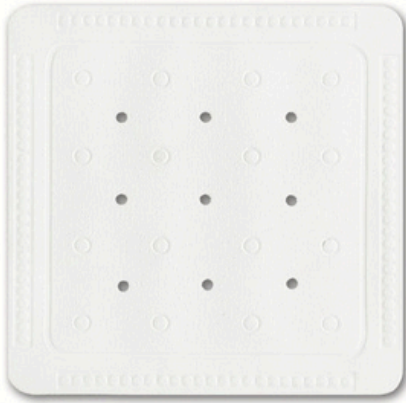

Soft PVC suction cups for maximum adhesion to the surface
Evenly distribution across the mat
Tested on smooth surfaces

Practical hook for hanging to dry.
